

Clasp®

The all-in-one film
to board pack

The Clasp® integrates ridged chip board with flexible film to create a unique and very diverse packaging. The clear film offers great visibility, allowing you to show off the freshness and quality of the product within. While the chip board provides some structure to help keep the product in shape and looking good.

Within seconds you can have a variety of grab and go foods wrapped and ready for sale. Packaging is easily sealed with an Impulse Sealer or by folding and securing with tape or a product label.

Ideal for paninis, sandwiches, wraps, pastries and so much more.

- Easily Sealed with a label, tape or Impulse Sealer
- Able to accommodate multiple shapes and sizes
- Great product visibility and presentation
