

Kraft Lunch Box with Window

These natural kraft lunch boxes are ideal for luncheons, corporate meetings, outdoor parties and much more. The boxes can easily accommodate a variety of meal combinations, from salads to sandwiches and all the sides to go with them. Making for an attractive and efficient way to quickly provide a complete meal to groups large or small.

Their oversized window allows for easy identification of its contents, so people can grab their food and be on their way. Eliminating the all too familiar tradition of long food lines, the one handed plate balance and serve, followed by the awkward juggle of a plate, drink and utensils while trying to navigate to a seat. Only to arrive with the realization... *you've forgotten a napkin.*

Eliminate the hassle of self-serve catering and give people more time to enjoy the event they are attending!

Kraft Lunch boxes
